

Alligator Harbor Aquatic Preserve

SEACAR Discrete Water Quality Analysis

Last compiled on 26 June, 2024

Contents

Parameters	2
Dissolved Oxygen	3
Dissolved Oxygen Saturation	4
pH	5
Salinity	6
Turbidity	7
Water Temperature	8

Parameters

Dissolved Oxygen

[1] “There are no monitoring locations that qualify.”

Dissolved Oxygen Saturation

[1] “There are no monitoring locations that qualify.”

pH

[1] “There are no monitoring locations that qualify.”

Salinity

[1] “There are no monitoring locations that qualify.”

Turbidity

[1] “There are no monitoring locations that qualify.”

Water Temperature

[1] “There are no monitoring locations that qualify.”
